

MAJA JUNIOR FILM AWARD

Jury: Anastasia, Rafael, Tamio, Ella, Hannah

This film really won us over because it took us on a very special journey into Julián's inner world of emotions and allowed us to experience first-hand what moves him.

We were particularly impressed by the colours, the animation and the beautiful cinematography. They not only help tell the story, but also make Julián's feelings visible to us.

The light-hearted and cheerful music fits perfectly with the film's various moments and makes the atmosphere even more intense.

The film moved us emotionally whilst also conveying an important message: everyone has the right to be exactly as they are. We found the theme of acceptance particularly beautiful and important.

Julián shows that sometimes all it takes is a little courage, understanding and openness to truly see someone and give them space for their own dreams, desires and true self.

We are delighted to present the **MAJA Film Award** to this special film. *Julián* has moved us, made us think and will remain in our memories for a long time to come.
